

## **Title in Bold**

### **First Paragraph**

The purpose of this style guide is to inform writers how to properly format their articles and cite their sources[1]. When citing a source, put the number of the source in brackets at the end of the sentence like this[2].

### **Second Paragraph**

At the end of the article, have your sources formatted like the example found below.

### **Bibliography**

1. sourcenumber1.website
2. sourcenumber2.website
